## Pro News from Bill Goggin

The golf course is in fantastic shape right now. We will be aerifying greens July 19-20. We have recently restriped the tennis courts and parking lot. We are gradually restocking our Pro Shop to meet the needs of our members and tournament guests. We are negotiating for a new golf cart fleet which will be delivered this fall. We will be saying goodbye to Alex Lanier who has been a great help to us in the Pro Shop this summer.
